Mundi

Mundi stands out as a novel concept defined by a compelling visual identity. Thanks to a large choice of distinctive worktops, leg profiles and finishes, this highly customisable furniture range engages the end user in the design of a singular and inspiring office space.

"One can't help but be completely seduced by Mundi's refined use of wood veneers and the appeal of its presence in the workspace."

CLAUDE ARMAND Director of Industrial Operations

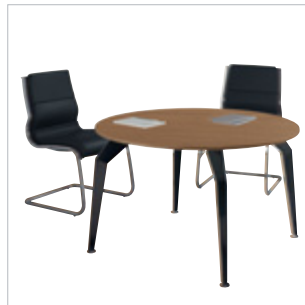

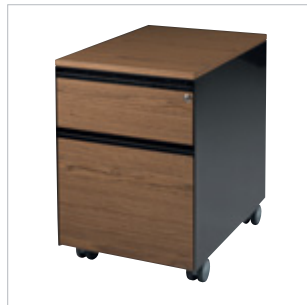

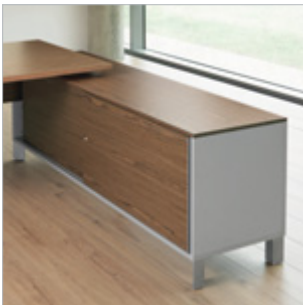

The importance of leading by example

Discreet cable management solutions afforded by the sleek steel panel leg design

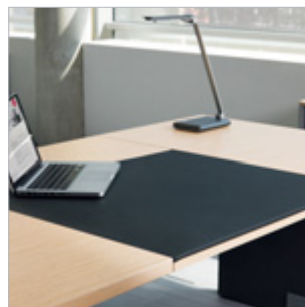

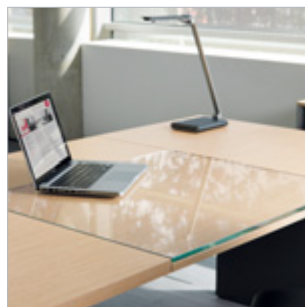

MUNDI, where **aesthetic styling** and **functional elegance** converge to meet user needs

Customise your worktop to suit your image with desk mats available in various materials. Choose between the **warmth** afforded by wood, the **modern touch** of glass or the **inspirational grandeur** of leather.

Technical specifications

Particle board panels with density 670 to 690 kg/m³ overlaid with a sheet of decorative wood veneer, 7/10 thick natural aspect veneer coated with semi-matt water based varnish.

Tops 17.4 mm thick – Desk height: 72.74 cm.

Tops 31.4 mm thick – Desk height: 74.14 cm.

Tops 12 mm thick – Desk height: 72.2 cm.

1 Wood veneer tops 17.4 mm in thickness. Desk top with wood veneer edging, rounded at the top and bottom and matching the worktop decorative finish.

2 Wood veneer tops 31.4 mm thick, with customisable central section. Desk top with straight wood veneer edging, rounded at the top and bottom, matching the worktop decorative finish

- Wood veneer top

- Wood veneer top with integrated leather insert (desk mat)

- Wood veneer top with integrated clear glass insert (desk mat)

3 Toughened safety glass top 12 mm thick. Smoothed joins and rounded edges for maximum user comfort. 3 choices of finish : clear glass with enamelled underside, frosted clear glass, tinted glass.

4 Wood veneer panel legs 61.4 mm thick, with wood veneer edging with rounded edges. A triangular section metal element (1.5 mm thick) adorns the lower portion of the panel leg. The desk leg panels are raised off the floor by means of levelling glides fitted with 2 stabilizer feet \varnothing 25 mm, adjustable in height through 15 mm. Levelling glide depth: 100 or 60 cm.

5 Metal panel leg 9.3 cm thick. A removable metal cover on the external façade of the leg allows access to the cable management housing concealed within the leg structure. Legs rest on 4 hexagonal stabilizer feet \varnothing 50 mm, adjustable through 15 mm. Panel leg depth: 75.6 or 50.6 cm. Metal crossbars in an aluminium grey finish.

6 The wood veneer panel leg structure is composed of 2 triangular section 2 mm thick crossbars and a structural modesty panel, all presented in a wood veneer finish. The whole is held together by means of cam fittings and screws with metal inserts. In the glazed desk version, the glass top rests on suction pads.

7 Optional metal modesty panel 0.7 mm thick, matching the finish of the metal panel leg. Attaches to the metal crossbars on the underside of the worktop. Dim.: H. 30 x W.110 cm.

8 9 Supporting return composed of a melamine shell and a choice of melamine or wood veneer structural top. The unit is divided into 3 compartments separated by 2 internal partitions. Two of the compartments include an adjustable shelf. The metal sliding doors are assorted to the legs, metal panels or wood veneer doors. The height-adjustable doors rest on a runner allowing the panel to slide smoothly along a profiled aluminium rail. Each sliding door is fitted with an end-of-run damping mechanism. The unit sits on 5 triangular section metal legs, fitted with stabilizer feet.

10 Cupboard drop leaf door and shell made from 19 mm thick melamine. Doors and decorative top made from 17.4 mm wood veneer matching the tops. Melamine shelves and ABS edging in a matching finish. Wood veneer doors open by means of "Push&Pull" system (no handles). Central compartment fitted with drop leaf door, handle fitted flush along the length of the door top (profiled aluminium channel). Wood grain aligned horizontally along the width of the door. Adjustable stabilizer feet.

Tops 17.4 mm thick - Desk height: 72.74 cm.

Tops 12 mm thick - Desk height : 72.2 cm.

Fibre board panels, with density 670 to 690 kg/m³ (standard density for wood veneer purposes) covered in a decorative wood veneer overlay. Natural aspect 7/10 thick veneer coated with semi-matt water based varnish.

1 Wood veneer tops 17.4 mm thick. Desk top has straight sides covered in wood veneer edging, rounded at the top and bottom, matching the worktop decorative finish.

2 Wood veneer tops 17.4 mm thick, 150 x 150 cm. Formed by joining of 4 triangular sections assembled with steel brackets to the metal frame of the desk. The wood grain is aligned to converge at the geometric centre of the top.

3 Toughened safety glass top 12 mm thick. Smoothed joins and rounded edges for maximum user comfort. 3 choices of finish: clear glass with enamelled underside, frosted clear glass, tinted glass.

4 Mobile metal pedestal with inlayed wood veneer front panels. Fitted with recessed metal handles matching pedestal shell. Optional wood veneer top. Metal drawers mounted on ball-bearing runners. All drawers open to a depth of 100%. Integrated pen tray. Central locking mechanism.

5 Metal desk structure comprising a supporting frame made from triangular section tubular steel. 4 legs made from 15/10 sheet steel. Top plates secured to the desk frame with metal screws on the outside of the leg. Legs fitted with stabilizer feet ø 50 mm, adjustable through 15 mm.

6 Triangular section tubular steel "Frame" design legs (59 x 59 x 80 mm). Structural rigidity ensured by a tubular horizontal crossbar assembled to the lower leg sections. Fitted with stabilizer feet, adjustable through 15 mm.

7 Optional grooved metal modesty panel H. 27 cm, suitable for rectangular desks with melamine or glass tops.

8 Cupboard with high gloss melamine shell 19 mm thick. Doors and decorative top made from 17.4 mm thick wood veneer, matching the desk worktops. High gloss melamine shelves 28 mm thick, matching the cupboard shell. Melamine edging in the same finish as the cupboard shell and shelving. Wood veneer doors open by means of "Push&Pull" system (no handles). Central compartment with drop leaf door, handle fitted flush along the length of the door top (profiled aluminium channel). Wood grain aligned horizontally along door width.

Inveo

Inveo, a distinctive fusion of modern lines and original design.

The range stands out for its use of high quality elements such as wood veneer worktops, and its combination of matt and glossy materials to produce a fresh contemporary look.

"Inveo draws inspiration from classic Executive Furniture designs. I am particularly fond of its curved lines and combination of quality traditional and cutting-edge materials."

XAVIER DEVAUX Data and Project Marketing Manager

Wood veneer panelling is a natural material. It may therefore present variations in colour and pattern particularly when viewed at different angles to the grain and at different angles to the light.

The Range

Desking and extension units

Meeting tables

Standards

Technical specifications

Desks - height 73.5 cm

1 Wood veneer worktops, 29 mm thick, with rounded edges. Wood veneer edge banding, 2 mm thick and assorted to the tops. Choice of 3 shapes: arched, pebble shaped and curved.

2 Elliptical design tubular steel legs 10/10 mm thick. Legs fitted with adjustable stabilizer feet, adjust through 15 mm.

3 Panel legs particular to the arch-shaped desks. Curved design MDF panel legs with rounded edges, 20 mm thick. High gloss methacrylate finish. Legs fitted with adjustable stabilizer feet, adjust through 15 mm.

4 Panel legs particular to curved-design desks. Melamine leg panel, cut in arch shape on the visitor side, hardwood veneer panelling. Legs fitted with adjustable stabilizer feet, adjust through 15 mm. 4 possible combinations.

5 Optional wood veneer modesty panel matching the worktops, height 29 cm and 29 mm thick. Secured to the worktops by means of cam-fittings attached to the curved or pebble shaped desks.

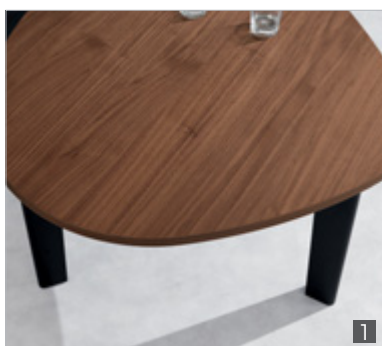

6 Mobile pedestals or returns match with melamine or glossy methacrylate leg finishes. Tops and drawer fronts in a wood veneer finish matching the worktops. Pedestals with metal drawers fitted on ball-bearing runners, open to depth of 90%. Selective drawer opening. Pen tray. Central locking mechanism.

7 Meeting tables with elliptical design metal legs. Teardrop shaped worktop, seats 3 to 4 people. Or cylindrical shape worktop, seats 8 to 10 people.

8 Two types of storage solutions in matching finish:

- Deco storage units composed of cupboards with melamine or glossy methacrylate finish shell. Tops and side panels in wood veneer, with grain direction aligned horizontally. No handles, doors open thanks to 'push & pull' mechanism. Medium and high cupboards fitted with choice of pigeonhole compartment or glossy methacrylate fold-down work surface.

- Traditional storage units composed of melamine cupboards with 19 mm thick shell and shelves. Doors in wood veneer finish matching the worktops. Toughened glass doors 4 mm thick with aluminium frame. Metal handles. 3 point lock on high cupboard. 1 point lock on medium and low cupboards. Glass doors are not lockable. Stabilizer feet H. 28 mm, adjust through 15 mm. Optional tops and side panels in wood veneer finish matching the doors.

Technical specifications

Desks – height 74 cm

1 Melamine balanced high-density fibreboard panel, 38 mm thick. 2 mm thick strip of ABS (in matching finish) fitted to desktop outline and rounded on the top and bottom edges.

2 Melamine panel legs 38 mm thick, fitted with metal crossbars W.200 x 38 mm, affording the unit an elegant and functional finish.

3 Fixed structural metal crossbar in an aluminium grey finish.

4 Optional matching melamine modesty panel, height 30 cm.

5 Supporting return resting on melamine leg fitted with 2 metallic finish PVC strips. Toughened enamelled glass worktop 6mm thick, or melamine worktop 38 mm thick. Cable ports integrated in the return panel facilitate cable management.

6 Large 3 drawer pedestal unit protrudes beyond the end of the desktop, offering additional work surface. Drawers open with «push & latch» mechanism. Enamelled glass top 6mm thick, or melamine top 38 mm thick. Features a drawer incorporating a pen tray: W. 60 x D. 90 x H. 69 cm

7 Rectangular or square meeting table, supported by 4 metal legs with melamine finish on the external surfaces that match the worktops.

8 Deco bookcase, melamine structure 38 mm thick. Features 12 melamine shelves 19 mm thick. Central section with back panel. Brilliant white enamelled glass sliding doors. Profiled aluminium guide rails. Metal handles in an aluminium finish.

9 Melamine cupboards - carcass and shelves 19 mm thick, aluminium grey finish. Doors and tops in melamine finish matching the worktops. Toughened glass doors 6 mm thick. Metal handles in an aluminium finish. 3 point lock on high cupboard. 1 point on medium and low cupboards. No lock on glass doors. Stabilizer feet H. 28 mm, adjust through 15 mm.

Technical specifications

Desks - height 74.8 cm.

1 Tops made from counterweighted, high-density particle board, 38 mm thick. Features 2 square ABS cable ports in an aluminium grey finish, facilitating cable management (main work surfaces only). Strip of ABS 2 mm thick (in matching finish) fitted to desktop edges..

2 Toughened enamelled glass worktop 12 mm thick, for rectangular shaped tops. Smooth and polished joints, rounded on the top and bottom edges. Attaches to the desk structure with suction pads.

3 Frame-shaped legs made of triangular cross-section tubular steel 59 x 59 x 80 mm. Structural support provided by tubular beam attached to the legs. Stabilizer feet adjust through 15 mm.

4 Tubular metal legs of square section 60 x 60 mm, 2 mm thick. Inside surfaces of the leg are covered in a metallic envelope, and 2 outside surfaces with melamine wood-effect embellishers. Legs attach to the structure with screws and inserts. Stabilizer feet adjust through 15 mm.

5 Rounded triangular metal legs, \varnothing 70 mm. Triangular metal top plate. Stabilizer feet (adjustable through 25 mm). Melamine tops rest on 4 structural legs. Glass tops rest on a metal frame, secured by suction pads and supported by 4 structural legs.

6 Metal modesty panel is curved so as to embrace the shape of the worktop. Tubular section frame with decorative groove H. 27 cm or optional rectangular metal modesty panel H. 27 cm with decorative grooves, for melamine or rectangular glass desks.

7 Metal mobile pedestal with decorative melamine front panelling and recessed metal handles matching the pedestal shell. Melamine wood-effect back matching the front panelling. Selective opening metal drawers fitted to telescopic runners and ball-bearing rollers. Top drawer opens fully. Folding key. Built-in ABS pen tray.

8 Deco bookcase, melamine structure 38 mm thick. Features 12 melamine shelves 19 mm thick. Central section with back panel. Choice of brilliant white enamelled glass or melamine sliding doors. Profilled aluminium guide rails. Metal handles in an aluminium finish.

9 Melamine cupboards - shell and shelves 19 mm thick, in grey aluminium or graphite grey finish. Optional tops and side panels in melamine finish matching the doors. Toughened glass doors 6 mm thick. Metal handles in an aluminium finish. 3 point lock on high cupboard. 1 point lock on medium and low cupboards. Glass doors are not lockable. Stabilizer feet H. 28 mm, adjust through 15 mm.

Rio

Rio constitutes a dynamic and functional office furniture range, delicately combining melamine and glass worktops with metal desk structures. With an extensive pallet of available finishes it makes for a modern and inviting workspace.

"I wanted a desk designed with style, conveying a dynamic and colourful image. Rio is the perfect choice as it offers all this and more."

SOPHIE GRAVOT Head of DTP

Technical specifications

Desks – height 73.5 cm

1 Enamelled glass 8 mm thick worktop, spacer mounted with suction pads.

2 Enamelled glass 8 mm thick worktop, embedded in the structure (user and visitor sides) on a metal ruler.

3 Tops made from 25 mm thick counterweighted particle board with a sheet of decorative melamine, edges protected by a strip of 2 mm thick ABS, in a matching finish to the desktop.

4 Arch-shaped legs made of tubular steel 60 x 30 mm, with matching colour ABS foot caps and fitted with stabilizer feet adjustable through 15 mm.

5 Metal modesty attached with metal inserts on the underside of the melamine worktops or secured to a beam extending between the legs of glass top desks.

6 Melamine pedestal with either 2 or 3 drawers fitted to telescopic runners and ball-bearing rollers. Built-in ABS pen tray. Central locking. Folding key. Additional 5th fixed castor for pedestals with filing drawer.

7 Metal pedestal with either 2 or 3 drawers and choice of either melamine or metal top. Optional cushion pad. One piece construction. Drawers on telescopic runners and ball-bearing rollers allow full extraction. Built-in ABS pen tray. Central locking. Folding key.

8 Circular meeting table with square section tubular metal central stem 8 x 8 cm. Melamine or glass worktop.

9 Melamine cupboards - shell and shelves 19 mm thick, in an aluminium grey, graphite grey or white finish. Optional tops and side panels in melamine finish matching the desks. Toughened glass doors 6 mm thick. Metal handles in an aluminium finish. 3 point lock on high cupboard. 1 point lock on medium and low cupboards. Glass doors are not lockable. Stabilizer feet H. 28 mm, adjust through 15 mm.
